Total Washroom Care

Canada Pest Control provides Washroom Care Products to reduce the spread of germs with pleasant smell and desirable environment.

Total Washroom Care

- Air Fresheners
- Auto Hand Soap
- Urinal Auto Clean
- Hand Sanitizers
- Hygienic Bins

Fly Control

We offer chemical free solution to this problem by installing Insect Light Traps. These fly light traps are site specific, designed according to their area coverage capacity and with respect to the location.

They can be easily installed anywhere and provide long term solution without use of any chemical. For our valued customers we offer monthly rental service and maintenance package at very low price.

One call...That's all
